The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Comments / Reference / Targets

The class is currently working on the word processing unit called Displaying Information using ICT. The class is working towards their Unit 1 assessment, which should take place the last week of term.

Adiam's ICT skills have improved greatly since September. She has shown great progress in ICT, and this is down to her hard work and positive attitude to learning. In class Adiam is always on task. She puts a lot of effort into what she does, and produces some excellent work. She is able to work well both individually and as part of a group.

Adiam's target is to continue her excellent work and to successfully complete the unit 1 assessment by the end of term.

This term the learners have looked at personal information where they focused on using the question words and responding using both long forms and contracted responses. They have used mainly the present tense to construct sentences in the positive, negative and interrogative forms.

They have also identified verbs, nouns and adjectives and used those to construct simple and compound sentences. Special attention has been placed on capitalisation and penmanship - such as word spacing and writing on the line, as well as legibly.

They also looked at cultural similarities and differences and the formation of the comparative form of regular and irregular adjectives. Learners are also developing study skills such as procuring a work file, and storing and filing their work. Other activities include listening to narratives, pronunciation, spelling and dictionary work.

Adiam is a very disciplined and responsible learner. Her attendance is somewhat low because of initial childcare problems which have since been sorted. Her punctuality is good. Adiam is one of the most able learners in the class and is extremely supportive of her peers. She needs:

- To learn three new words and write them in sentences every week.
- To use the positive and negative forms of the past tense.
- To borrow a storybook from the library once a month.
