#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

**Smart Targets:** 

Barbora, you have been a pleasure to teach (if a little quiet). Since the beginning of this unit you have advanced alot quicker than your peers, producing excellent ideas that are also well executed. You can push yourself

Comments: further by expanding on processes taught and combining ideas and

processes together. Try to produce work on a larger scale and experiment

with a variety of materials. Well done

Elizabeth Eugene.

Smart Targets: Research different techniques on the internet to see how other artists use

them.

You are making really good progress with Unit 2, I want you now explore selected MTP's in greater depth. Look at how other artists use media and see if you can learn from them and experiment all the time to build your own skills.

Aim to annotate immediately after you have completed an experiment, whilst

the thoughts are still fresh.

Review Term: Autumn/Spring/Summer

Review: Barbora your subject reviews are well deserved! I am pleased for you. If you need more work ask your subject tutors to give you extension tasks.

Issues Raised:

Jeannie Buchanan.

Review Term: Autum/spring

Review: Barbora you have made a good progress with your units and achieved distinction for both unit 1 and 2, well done. I am really impressed with work and application to study and it is clear to me that you are a well motivated student who believes in hard work and doing the best that you can. You need to remain motivated in the new year, embracing new opportunities as they present themselves, try to focus on the future and the opportunities that will present themselves to you, make sure that you are as prepared as you can be. Towards the end of this term begin to think about your progression plans and start to research in advance.

Issues Raised: You can be quiet and I know that you are more confident with written English than with spoken however we all understand this and you have a great opportunity to practice spoken English with both your tutors and fellow students.
