As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Jesse has made good progress to date. He is an excellent student who works extremely hard and plans his works to a high standard. He has shown mature and positive approach to his studies. He puts a lot of effort to his works and produces good quality of materials through out all the units. He is predicted to achieve good grades if he continues working hard, meeting assignment deadlines and attend all lessons and on time.
