## **Learner Review**

15 March 2012

**Learner: Thomas Hanlon** 

**Personal Tutor: Cyrus Armstrong - James** 

## **Key to Attendance and Punctuality percentages**

- 100% to 92% is green status
- 91% to 87% is amber status
- 86% and below is red status

#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

**Smart Targets:** 

The level 1 Creative Media course is designed to equip learners with a variety of skills in video production, music technology and graphic design, whilst encourage learners to develop their understanding of creative media job roles and media knowledge. In addition to this, learners are to attend functional skills classes to improve upon basic numeracy, literacy and ICT.

Comments:

So far learners have completed an induction activity whereby they learnt about the creative media sectors and job roles. Learners are currently working in small group to film a trailer for a specific genre and to target a specific audience.

Thomas is an absolute pleasure to teach. He works well in class and attempts to complete all work set to a high standard. He has bonded well with the group and it is clear that he is enjoying the course particularly the practical side ensuring he contributes to filming and editing.

Thomas has made very good progress this year and has shown that he enjoys his classes and works well with his classmates. He makes positive contributions in all sessions and despite some distractions in the class is always focussed on the task at hand. He always completes tasks on time and exhibits a mature approach to his studies. I am sure that if he were to continue with the college he would be successful at Level 2. Thomas is also performing well in his Functional Skills sessions where I am confident that he will achiev the 3 components of English, Maths and ICT. It is also worth mentioning that in the time that his Mac computer was disfunctional in the class he was very patient and worked well with Charlie on other projects. Well done Thomas, keep up the good work. I am looking forward to your trip to the BBC and Thorpe Park in the summer term.

Thomas has made good progress throughout the year and is making a thorough success of the course. I have no concerns over his progress and hope that he will consider staying with us next year where he will be stretched with more advanced work. I hope that he is enjoying college life and is receiving the rewards that come with it.

He has picked up the theoretical and practical work very well and shows that he can listen, reflect and partcipate. Well done and keep it up! We are now getting to a stage where much of the work is completed and feel that it is time for Thomas to think about a self directed project to work on for the final term. We will help him with this, but hope that he can find something that inspires him such as a Music Video, Documentary, Trailer or Magazine article.
