The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets:

Jeff current level of performance has been poor. His attendance alone is well below the high standard that we expect here at the college. He has made little academic progress this year, this could be down to pressures of the high standards set by the college, the football and travelling. Targets have been implemented on ezone to help him achieve his best. His work is too a low standard and is submitted late. His attitude towards the course/units is poor especially in technical and tactical awareness in sport and practical sport, and needs improving and hopefully will with his new unit Injury in Sport where he will study a range of injuries and illness' that can occur in sport. Overall Jeff needs to drastically improve.

Smart Targets: Keep attendance up and hand in assignments on time

Jeff has been performing poorly so far this year and has completed work to a satisfactory standard which is not good to see. His attendance and punctuality has been up and down and this has reflected in his quality of work. It is important for him to continue as he can complete the course within the next 2 months, if he works hard from now on. He has some good practical sessions and has worked on a satisfactory level on the units this year, he must ensure

he keeps his attendance levels up otherwise he will fail the course.

Review Term: Spring

Review:

Jeff has not been working to the best of his ability. His progress has been slow and could be working much harder in all of his units for all. He needs to focus on his course and what he wants to achieve now before it gets too late. We are now approaching the stage where we are thinking about progressing, and if Jeff wishes to progress. I believe that Jeff has the potential to achieve his best, but needs to demonstrate his true ability.

Issues Raised: Stage 3 Disciplinary to be completed
