The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets:

In art and craft classes the students develop design ideas for Logos for carrier bags. They have found ideas by looking at the internet but then made their own unique designs. These were transferred to fabric using tracing paper and a light box. They also used old egg boxes to make paper-mashie sheets to glue onto wine coasters and notebooks. The mats were then decorated with dried flowers, leaves and beads.

Comments:

The class have been learning and visiting places in London and made a map showing some of the landmarks and other significant sites. They have searched on the internet details of places of interest to visit like markets, galleries and have learnt to use maps and directories to find their way around.

She is working hard both in the art class and in community investigation. She is always on time and complies with class work and has learnt to ask for help from staff and other students.

She is conscientious about keeping with the group when out and about and shows interest about the communities that the group visits by asking questions about the things that she sees.
