The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Review:

Issues Raised: Attendance

Noel is a student capable of good work and who participates well in class discussion with relevant answers. He's still a bit behind with his work---perhaps some of this can be attributed to sporadic attendance. Specifically, he still needs to submit a movie soundtrack.

Within the classroom environment, Noel applies himself and is making good progress (and demonstrating a good understanding) with his new Unit 35 Sound Creation and Manipulation Task 1 assignment. If he applies himself he should be able to finish the course with a high grade.
