- 91% to 87% is amber status
- 86% and below is red status

The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Look at your bksb diagnostic results and print off and complete the first of the **Smart Targets:**

Resources exercise. Please show all of your working out. Print off the results

and bring them to your class.

Comments:

We have been doing work involving place value, multiplying, dividing, subtracting and dividing. We have also looked at calculations to do with time in various formats. Halil has coped with the work and shown an understanding of when to use the different calculation methodsb but he finds it hard to show his working out.

Hello Halil, I would like you to continue with the tasks of drawing and cutting

out the letters of your name in block capitals from stencil paper to be finished

by 31st October 2011. I would then like you to practice the methods of

stencilling and sign writing to be finished by 14th November 2011.

You have worked hard and have caught up with the rest of your group

however, I need you to find more confidence to do tasks on your own. Overall

I am pleased with your work so far, well done.

Calvert Smart.

Smart Targets: Name 3 different types of cable and say where they can be used.

Comments:

We have been working on measuring, cutting, threading and bending metal conduit. Halil started late but has coped well with the work so far. He finds it difficult to use the bender because of his slender build, therefore he finds it difficult to get the bends accurate.

Review Term: Autumn/Spring/Summer

Review:

Issues Raised:

You have successfully completed Unit 035 Cutting Bending and Threading Conduit. There were many new challenges but you overcame them and completed the task well done. You have coped well with the tasks you were given in Maths which were to do with solving problems using multiplication, division, addition and subtraction. In English you worked on spelling, reading and writing. In reading you looked at persuasive texts such as you would find in advertising. In writing you learnt about sentences and punctuation. You also took part in discussions as part of Speaking and Listening. You have have found the English and Maths hard to cope with, but now that you are getting help through ALS things should become smoother. Well done keep trying your hardest.

Review Term: Autumn/Spring/Summer

Review:

Halil you have produced some good work this term but I don't think you are showing all you are capable of. I believe that if you really put your mind to it you can produce even better work. Continue to attend all your ALS sessions and things will improve. You must also keep using your Keyskills 4u.com account and the VLE maths resources in the ezone. You did very well in your practical classes and successfully completed your electrical unit. You demonstrated very good hand skills and showed you were willing to do some hard work. Well done. You are making progress keep working hard.
