The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Subject Targets

Comments / Reference / Targets

For this term the learner have been introduced to cutting hair using basic technique's. They have developed and demonstrated their skills in cutting by practicing on a block during a practical session.

Munever is very focused and seems to be enjoying her lesson, she has demonstrated good cutting techniques. I would like Munever to practice holding her scissors and comb and sectioning on the block at home.

Smart Targets:

Munever needs to turn up for each lesson, and less chatting to others in

class, you are very capable with your practical skills well done!

Comments:

learners have been working on unit G20 health and safety, they understand and are aware of all the health and safety legislations and acts. they are able to follow them and put into practice what they have learnt in the salon.

Munever needs to improve her attendance for theory and practical, she is a very capable learner and understands when set tasks.

My advise and target for Munever is to turn up for each lesson, and less chatting to others in class.

Comments:

You are at the final stages of your chosen course in hairdressing, at this stage you only have a minimal number of outcomes to be achieved. As the New Year has approached us your academic year will end before you know it, so I strongly advise you to think SMART by

Sending out broadcasts tweets to your family and extended friends to be models for you or your pears to gain assessments

Approach people on your everyday travels with your specific needs

Enquire at the style zone for additional sessions for maximum assessment opportunity

Book your reception duties ASAP so the unit can be signed off

Use city and guilds revision tasks when preparing for exams in order for maximum results

Arising

If you are considering in progressing onto level 3 hairdressing or any other course in the college you are required to adhere to the colleges minimum target grade of 87% attendance, so my advice to you is to attend every session if you would like to see yourself enrolled on a course in September 2012!

Munever has been exploring the amazing world of hairdressing! In practical we have been analysing the various styling techniques relevant to her course and the most suitable styling products available to carry them out to maximise effects! In theory we have discussed the benefits of a vigorous consultation and methods used to advise the clients.

Munever has attended lessons but needs to improve on her concentration level; she is often easily distracted! Generally she behaves well but there are issues with her following salon policy and paying attention in class.

Munever needs to focus more in lessons and take what she is doing more seriously to maximise the learning potential. She needs to work towards her personal target which has been set on the Ezone by herself. A positive image is needed to demonstrate her serious attitude towards her learning and this must be consistent!

Review Term: Spring

Review: 4th March 2011

Issues Raised: Interest and attendance

Your attendance has been very good until recently, but latelety not.

I have good indicators to say that your work show progresion but lately you have not produced what has ben expected of you.

Confidence building grows from the many good skills that you pssess but you are not following it up.

You have expressed concern about the course you are doing it is not what you really want, but as discussed the FS ICT L1 is a subject that carries a highly reputable accreditation and valued througout almost all industries. You should plan now to get your ripened fruits sooner.

Review Term: Spring/

Review: Munever is very capable with her hairdressing. she is late for lesson which means she does not get clients as they are allocated to other learners first. Maybe bring in clients to pass assessments.

Issues Raised: punctuality
