### **Key to Attendance and Punctuality percentages**

- 100% to 92% is green status
- 91% to 87% is amber status
- 86% and below is red status

### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

- Complete article and advert.
- Complete evaluation task ensuring you refer to pass, merit and distinction criteria.

Students are currently developing their print-based media production skills and journalist techniques, by creating a magazine spread using Adobe InDesign software and a print-based media advertisement using Adobe Photoshop software. For this unit students had to research on the print-based media industry, print-based media products and participate in a traditional hand print-based media production workshop. The final task was to create a magazine article to go with the genre of the magazine covers they created last year and a print-based media advertisement to target a specific audience. This was to be presented in the form of a magazine spread with front cover

Comments: and print advertisement.

Beth's attendance needs improving however, she always catches up with work set. Beth is a fantastic student who works very hard and produces work to a high standards. Her research sketchbook was very neat and demonstrated good knowledges of print-based media skills and techniques. Beth excels in practical work and seems to enjoy print-based media techniques. Her article is coming along nicely and by the end of these units Beth should be able to achieve at least merit grades.

### **Comments / Reference / Targets**

**Smart Targets:** 

- Listen to instructions at all times (do not turn computer on), although you are doing well
- More input/enthusiasm in production work
- Be in charge of costume design in production

This term the students have been learning about the principles and development of editing. In order to demonstrate their understanding of the topic, the students had to submit a report which constitutes the first task for Unit 16. Unit 16: Film and Video Editing techniques is taught in conjunction with Unit 4: Creative Media Production Management Project. In order to pass both units the students have to generate ideas for a trailer, go into production and finally individually edit their work.

Comments:

Bethany is a very pleasant learner who will achieve very well on the course. Whereas her written work is thorough and well-presented, Bethany needs to demonstrate more enthusiasm in practical production and post-production work in order to achieve higher grades.

I am very pleased on the whole and keep on the good work!

Students are currently working on Unit 7: Understanding the Creative Media Sector and Unit 8 Understanding the Television and Film Industries. As part of these units students are required to demonstrate their understanding of how the the creative media sector is structured and and the various constraints that media companies have to work within as well as identify job roles available within the creative media sector in the form of reports and research folders. For the final task students are required to prepare personal career development material in the form of a video production showreel and take part in a mock interview where they will highlight their skills and qualifications relevant to the position they have applied for also demonstrating their self presentation skills.

I have seen a huge change in Beth since September and this is reflected in the quality of work she submits. She is more focussed, confident, enthusiastic and determined to achieve high grades and puts every effort in first draft pieces of written work rather than waiting for feedback given to her for the final draft. Unfortunately Beth was sick for interview day. She needs to ensure she is ready for her interview on Tuesday 13th December. She also needs to ensure that her Showreel is complete by Tuesday 13th December too.
