The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Review Term: Autumn

Review:

You took 4 practical unit assessments in decorating last year and completed them successfully. This year you have fallen behind due to lack of attendance or not being able to manage without one-to-one tuition in the workshop which has led to you being disruptive in class. However, you have marked one practice joint which I need you to complete to standard. I would then like you to take one joinery assessment and completed the paperwork no later than 16th November 2011.

Issues Raised:

At present your attendance is 75% and your punctuality is 80%. Both of these are below the college targets of 100% and means that you are missing important lessons or assessments. We need to see an immediate improvement in both attendance and punctuality to prevent you from failing the course. Your behaviour has been disruptive in class and I need to see an immediate improvement otherwise further disciplinary action will be taken.
