The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets: Unit 22 and Maths

> Akeem has not submitted his first assignment for unit 22. The deadline was on 18/10/2011. His attendance and punctuality for unit 22 is 100% but for the maths lesson is 60% only. Akeem sometimes doesn't pay enough attention to the lesson. Akeem's maths level is very low (E2) and he needs to attend all the lesson and also a support session has been arranged for him which he missed the first session. Akeem has to submit his first assignment for U22 after the half term and attend all the maths lesson and support session.

> Akeem needs to pay more attention and work harder in order to complete this

course.
