#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

**Smart Targets:** 

Comments:

I can see that you have gained in confidence while on this course. I would suggest that you read up on topics outside of college time to improve your work further. I can see improvements in your writing skills and would like to see more detail in your work. Well done :) Anita O'Sullivan.

Your target is to work on contractions. 'I am ' becomes 'I'm' and 'I have' **Smart Targets:** 

becomes 'I've'. I will give you some worksheets to complete over the next

couple of weeks.

You are working well in class Heycan. You scored 15/16 in this week's

spelling test of childcare words. Your mark in the level 1 FS English mock

writing exam was 20/25 (Well done!). Always use a capital letter for 'I' when it

means me. For example, Senel and I are best friends.

**Smart Targets:** 

Heycan, you are showing a very mature attitude to your learning this year.

You understand what distracts you and can move away and focus. You are

handing in your work and it is getting to be of a good standard. Well done,

keep it up and you will be successful.

Elaine Lee.

Corine Hawker.

Review Term: Spring

Review: Heycan is developing in confidence well. She now will contribute answers to discussions or volunteer information independently. Heycan must ensure that she continues in this way and not allow distractions to hinder her sucess. Heycan continues to demonstrate an impressive attendance and punctuality record. Heycan has established herself in the group and has supported her collegaues well.

Review Term: Autumn/Spring/Summer

Review: Autumn

Issues Raised:

Heycan is currently working well along with entry level 3 in functional skills maths. She demonstrates the ability to transfer learned skills to real life situations. While interpreting mixed word problems she appears to be more confident in number problems than tasks on measures. However, she needs more time and practice to move on to the next level.
