The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Review Term: Spring

Review: Isaac your new to the course and at present you seem to have settled in well. Your progress in both workshop and classroom is going well but you need to start improving your punctuality which is starting to slip and you make friends within the group. I hope by the end of this year you will be successfull in this course and can progress onto next year.
