#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Natalie attends regularly to classes both theory and practical lessons but time keeping is proving to be a problem, we have agreed in the tutorial classes on the areas needing to improve which she works hard to improve on them.

Natalie will need to start revising on unit GH9 GH8 in preparation for coming exams, she shows a lot of interest in finishing this course, has good plans for the future for hairdressing / barbering and i believe she can do this as she stays focus.

Natalie is a lovely person and a joy to teach.

**Smart Targets:** 

Comments:

You are at the final stages of your chosen course in hairdressing, at this stage you only have a minimal number of outcomes to be achieved. As the New Year has approached us your academic year will end before you know it, so I strongly advise you to think SMART by

Sending out broadcasts tweets to your family and extended friends to be models for you or your pears to gain assessments

Approach people on your everyday travels with your specific needs

Enquire at the style zone for additional sessions for maximum assessment opportunity

Book your reception duties ASAP so the unit can be signed off

Use city and guilds revision tasks when preparing for exams in order for maximum results

Arising

If you are considering in progressing onto level 3 hairdressing or any other course in the college you are required to adhere to the colleges minimum target grade of 87% attendance, so my advice to you is to attend every session if you would like to see yourself enrolled on a course in September 2012!

We have covered the general in that Natalie as all students did not understand the course for what it entailed ie- (I.T. English) and all began with frustrations that took a while to explain and iron out in order to settle everyone into the course mainly Natalie as she seemed to be thing ring leader in the debate against the course. In her defence once she heard what I had to say and asked questions throughout the 3hr class her confidence showed as she answers nearly always/attempts to answer 90% of questions thrown at the class. Currently working on H7 she is finding the cutting of uniform layer cut challenging as all the students are but she is not getting on with it in class and constantly in chats with a class mate which I repeatedly asking them to stop and get on . As a result I have asked her to practice at home but to no avail have we progressed in this area. I have spoken to her that homework is an essential part of the course. Although in these areas is not great she is always first to volunteer for demo clients and assist which she does very well. I hope that she can develop without being distracted as she has the attitude of a good stylist but the concentration of a bad one. Issues Raised: Mucktaru Kargbo.
