### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

#### **Comments / Reference / Targets**

Michael is a friendly member of the group who displays considerable interest in the subject and participates in practical work with enthusiasm He is slowley developing a good general practical knowledge and is always willing to share his ideas with the rest of the class during discussion. However, although the quality of his work is improving he needs to work on the presentation. I would like to see him put more consistent effort into his work, and avoid being distracted during lessons. Overall, a good first year. Well done Stephen Beckett.

#### **Comments / Reference / Targets**

Michael is a conscientious member of the group who displays a real interest in the subject and appears to enjoy all aspects of the work. He is developing a good general construction knowledge and is always willing to share his ideas with the rest of the class. He has perfect attendance, I hope he keeps keeps this up. Written work is sometimes variable and he could improve his presentation. I hope he can sustain his current interest in and enthusiasm towards construction. Overall, Michael is working well but needs to work very hard to fully achieve the diploma.

Review:

#### Issues Raised:

Michael is a friendly member of the group who displays considerable interest in the subject and participates in classwork with enthusiasm He is building up his construction knowledge quite well with a number of further assignments compleded. Michael's recent Structures examination result has been encouraging and will contribute significantly to his success on the diploma. The general quality of his written work has been good, and is improving, both in terms of content and presentation. Michael will be able to achieve the Diploma in Construction with continued hard work, I hope he applies himself sufficiently for the remainder of the year. Damian McGeary.

Review Term: Autumn

Review: Michael has excelled himself as one of the stars of this bricklaying group. He is working very well in learning his bricklaying skills and starting to produce some good practical work. He is also working and participating well in his functional skills and overall is achieving good results in this course. Well Done !!!
