The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Comments:

You are at the final stages of your chosen course in hairdressing, at this stage you only have a minimal number of outcomes to be achieved. As the New Year has approached us your academic year will end before you know it, so I strongly advise you to think SMART by

Sending out broadcasts tweets to your family and extended friends to be models for you or your pears to gain assessments

Approach people on your everyday travels with your specific needs

Enquire at the style zone for additional sessions for maximum assessment opportunity

Book your reception duties ASAP so the unit can be signed off

Use city and guilds revision tasks when preparing for exams in order for maximum results

Arising

If you are considering in progressing onto level 3 hairdressing or any other course in the college you are required to adhere to the colleges minimum target grade of 87% attendance, so my advice to you is to attend every session if you would like to see yourself enrolled on a course in September 2012!

Samira has worked well in class for her subject this term . She has completed her units. Samira needs to talk less and concentrate on the work more when she is in class. She is easily distracted by others and tends to loose track of the work .If Samira concentrates there is no reason she will not achieve her set targetssmileWe are currently working on units GH9 colouring and G15 advise and consult.Samira has shown interest in the subjects and is contributing to the class discussions well.

All the learners are working on their presentations.

Samira has worked very hard on her presentation. She researched the subject, taken the relevant facts, some original ideas/opinions and put them into a power point presentation.

She needs to improve her spelling, use of the comma and the apostrophe.

Samaria is an able member of the group. her attendance & punctuality have been very good.

Samira produces some good work, however on ocassion she lacks motivation and can be easily distracted. when she if focused she can also be very helpful with others that have fallen behind with their work or have missed sessions. smile

asn long as Samira concertrates on what task is at hand, then she will have no problems.

Review Term: Autumn/Spring/Summer

Review:

Samira has the ability to work well ,however she needs to focus more on taking responsibility for her own work. She is disorganised and needs to improve her note taking and revision strategies.

She has sat some exams and some have been with low percentages,this needs to improve if she is to succeed in the world of hairdressing

Issues Raised:
punctuality needs to improve .

Samira needs to stop and listen in class and take control of her own learning more
